

THANAPHUM SANIWONG NA AYUTHAYA

FULL-STACK DEVELOPER INTERN

☎ 0968036214 ✉ thanaphumsani@gmail.com 💻 github.com/porrab 🌐 [website](#)

SUMMARY

As a 3rd-year IT student at KMUTT with a passion for Full-Stack Development. Experienced in building end-to-end web applications, with hands-on skills in front-end frameworks like Vue.js and React, and back-end technologies including Spring Boot, Node.js, and Firebase. Seeking a Full-Stack Developer internship to contribute to a dynamic team and grow within an Agile environment.

SKILLS

HTML, CSS, JavaScript, TypeScript, Java, XML, MySQL,
Node.js, Express.js, MongoDB, Vue, React, Spring Boot,
Docker, Firebase, Linux

TOOLS

Git, GitHub, Postman, Figma, WordPress, n8n, VS Code,
IntelliJ IDEA

PROJECTS

Life Connect | Vue.js, Firebase, Tailwind CSS, Google Maps API | github.com/porrab/life-connect.git

- Developed key features for a digital services platform, including user identity verification (KYC), online queuing, and document management.
- Engineered application state and client-side routing using Pinia and Vue Router.
- Designed and implemented a responsive, component-based UI with Element Plus and Tailwind CSS to enhance user experience and code maintainability.

Mobile Shop | Vue.js, Spring Boot, MySQL, Docker github.com/porrab/IT_Bangmod_Mobile_Shop

- Collaborated within an Agile team and led the frontend development for key features of a comprehensive e-commerce platform.
- Built the product listing pages, brand management UI, and implemented client-side form validation.
- Successfully integrated the frontend with backend APIs for user authentication, email verification, and full CRUD functionality.

F&B SME Co-Pilot | n8n, JavaScript, LINE OA, Google Gemini API | github.com/porrab/F-B_LineOA.git

- Architected and developed an MVP for an AI-powered assistant, using the low-code platform n8n for serverless workflow automation.
- Engineered an "AI Consult" feature by integrating the Google Gemini API with a cost-saving Google Sheets-based FAQ system.
- Utilized LINE OA as the primary user interface via the LINE Messaging API and contributed to the project's business strategy and investor pitch deck.

EDUCATION

King Mongkut's University of Technology Thonburi (KMUTT)

Bachelor of Science in Information Technology (IT) | Expected Graduation: 2027 | GPA: 3.3

ACTIVITIES

Web Developer - AI International Hackathon 2025
Developed the official event registration website using WordPress

Volunteer Event Photographer - Faculty events

KMUTT Startup Playground 2024 - The best innovation
Solution design and developed the initial prototype

AI Innovator Award 2024 - Finalist (Top 10)
Contributed to devising the core technical strategy for the solution

CDG Hackathon 2025 - Participant
Developed a functional web application prototype
